Product Description

1. Materials and manufacturing processes:

High-quality artificial flower material: Simulated flower wall artificial flower wall panels use high-quality artificial flower material. The flowers are lifelike and comfortable to touch, making the entire flower wall look as if it is made of natural flowers.
Advanced manufacturing process: Each flower is carefully crafted to ensure that the overall texture and visual effect of the flower wall meet the highest standards.
Durability: Sturdy construction and durable materials ensure long-term use of the product and are not easily damaged or faded.

2. Multi-scene application:

Hotel decoration: As a decoration in high-end hotels, flower walls can enhance the overall atmosphere and create an elegant and romantic atmosphere for guests.

Wedding background layout: In the wedding scene, the flower wall provides the couple with a gorgeous and romantic background, becoming a unique wedding element that attracts all attention.

Studio shooting: Professional photography settings and flower walls add color to the photos, making them an ideal choice for photographers to create beautiful photos.
